- Highly absorbent, fine-fiber construction won't leave behind oil or fiber residue
- Packaged in special static-dissipative bags to help reduce static charge buildup
- Floats to clean up spills on water
- White color tells you it's only for oils and fuels
- Pads are ideal for catching drips and soaking up spills
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Heavy-weight construction is highly durable and absorbent for demanding tasks and large-volume cleanups
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
