

PIG® Rip-&-Fit® Absorbent Mat Roll in Dispenser Box

MAT242 Heavyweight, 15" W x 60' L, 1 roll per box

Extra perforations let you customize PIG Mat to the shape you need. Just "rip" it along the easy-tear perfs and "fit" it into place. Dispenser box is easy to store.

- No job is too big for our heavyweight rolls; our most popular mat weight is ideal for shelves, ledges and drips in tight or awkward spaces that require custom mat sizes
- Extra perforations let you easily "rip" this PIG Mat and "fit" it to your spill without cutting; use only what you need and waste less
- Custom to your application; create long, narrow strips to fit into tight spaces or bigger sheets for around machinery
- Perforated every 3.75" across width and every 10" across length
- PIG Mat lasts 2x longer than competitive mats and won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Dispenser box fits neatly on shelves or carts
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
