

PIG® Absorbent Mat Roll with Poly Backing

MAT283 Heavyweight, 31" W x 75' L, 1 roll per bag

PIG Mat lasts 2x longer than ordinary mats for fewer change-outs. It absorbs oils, coolants, solvents and water; just about any mess you need to clean up!

- Lasts 2X longer than ordinary mats for fewer change-outs; that's why more plants worldwide use PIG Mat than any other brand
- Multiple layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave liquids or fiber residue behind
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Poly backing prevents absorbed liquids from reaching floors, counters or other surfaces
- Place over a spill with poly-back side up to suppress potentially harmful, flammable or irritating vapors
- Rolls are ideal as a work surface for repairs or maintenance - poly backing prevents grease and oil from seeping through
- Heavy-weight construction delivers greater durability and absorbency for demanding tasks and large-volume cleanups
- Mats take on the properties of absorbed liquids - always take proper precautions when handling saturated absorbents
