

## PIG® Absorbent Mat Pad with Poly Backing

MAT285 Heavyweight, 15.5" x 20", 50 pads per bag

PIG Mat lasts 2x longer than ordinary mats for fewer change-outs. Absorbs everything. Works everywhere.

- Lasts 2X longer than ordinary mats for fewer change-outs, absorbs everything, works everywhere; that's why more plants worldwide use PIG Mat than any other brand
- Multiple layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave liquids or fiber residue behind
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Poly backing prevents absorbed liquids from reaching floors, counters or other surfaces
- Place over a spill with poly-back side up to suppress potentially harmful, flammable or irritating vapors
- Pads are ideal for catching drips and soaking up spills
- Heavy-weight construction delivers greater durability and absorbency for demanding tasks and large-volume cleanups
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
