

PIG® Oil-Only Absorbent Ground Tarp

MAT4015 Absorbs Oils; Fuels; Oil-Based Liquids (Not Water), 5' W x 5' L, Each absorbs up to 3 gal.

A durable mat that absorbs oils and fuels, not water, to contain leaks and drips outside.

- Heavy-duty, three-layer mat can be used as a ground mat for outdoor equipment and vehicle maintenance or as a barrier to catch leaks from stored equipment
- Top layer is constructed with a tough geotextile fabric for added durability against equipment and tires
- Highly absorbent polypropylene middle layer traps oils and fuels but allows rainwater to evaporate
- Bottom barrier film prevents liquids from leaching into the ground
- Won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanup
- Cuts easily with utility knife or scissors
- UV resistant for long-term outdoor use
- Mats take on properties of absorbed liquids - always take proper precautions when handling saturated absorbents
