

## PIG® Oil-Only Absorbent Mat Tablet® Pack

MAT4126 Lightweight, 15" W x 20" L, 180 pads (9 tablets of 20 each)

Quickly tear an oil-only absorbent mat from this tablet that has pop-up tabs on the cardboard back for hanging the pack conveniently anywhere in your plant or facility where you may need it.

- Mats are perforated at the bound edge so that with one quick tear, you're ready to work; also perforated in the center for versatile sizing
- Pop-up tabs on cardboard back let you hang pack anywhere in your plant, including on a pegboard by your workbench, on your tool cart or elsewhere
- Fixed number of pads makes it easy to monitor inventory and usage
- Absorbs oil and fuels, NOT water
- White color tells you it's only for oils and fuels; draws attention to machine leaks and clearly shows saturation level during spill response
- Lightweight construction is ideal for small tasks and cleanups
- Highly absorbent, fine-fiber construction won't leave liquids or fiber residue behind
- Lasts 2X longer than ordinary mats for fewer change-outs; that's why more plants worldwide use PIG Mat than any other brand
- Multiple layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
