

## PIG® Oil-Only Absorbent Ground Tarp

MAT467 Absorbs Oils; Fuels; Oil-Based Liquids (Not Water), 59" x 80', Absorbs up to 48 gal.

Extremely durable mat roll absorbs oils and fuels outside, but not water, and can be fastened to itself to create custom widths.

- Roll can be customized to any width - mat is pre-taped on one side of the roll with hook and loop closures so you can easily attach another section to create your own size
- Heavy-duty three-layer mat makes sure that oily leaks and drips never reach the ground; designed to be a ground mat for outdoor equipment and vehicle maintenance or as a barrier to catch leaks from stored equipment
- Top layer is constructed with a tough geotextile fabric for added durability against equipment and tires
- Highly absorbent middle layer traps oil and fuel, but allows rainwater to evaporate; bottom layer prevents liquids from ever reaching the ground
- Won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Cuts easily with a utility knife or scissors
- UV-resistant for extended product life
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
