

PIG® Oil-Only Absorbent Ground Tarp with Hook and Loop Closures

MAT467 Absorbs Oils; Fuels; Oil-Based Liquids (Not Water), 59" W x 80' L, Each absorbs up to 48 gal.

Extremely durable mat roll absorbs oils and fuels outside, but not water, and can be fastened to itself to create custom widths.

- Heavy-duty, three-layer mat can be used as a ground mat for outdoor equipment and vehicle maintenance or as a barrier to catch leaks from stored equipment
- Top layer is constructed with a tough geotextile fabric for added durability against equipment and tires
- Highly absorbent polypropylene middle layer traps oil and fuel but allows rainwater to evaporate
- Bottom barrier film prevents liquids from leaching into the ground
- Pre-taped on one side with hook and loop closures so you can attach sections together and create custom sizes
- Won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanup
- Cuts easily with a utility knife or scissors
- UV resistant for long-term outdoor use
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
