

## PIG® Oil-Only Absorbent Ground Tarp with Hook and Loop Closures

MAT492 Absorbs Oils; Fuels; Oil-Based Liquids (Not Water), 59" W x 50' L, Each absorbs up to 30 gal.

Extremely durable mat roll absorbs oils and fuels in outdoor applications but does not absorb water. It can be fastened to itself to create custom widths.

- Heavy-duty, three-layer mat can be used as a ground mat for outdoor equipment and vehicle maintenance or as a barrier to catch leaks from stored equipment
- Top layer is constructed with a tough geotextile fabric for added durability against equipment and tires
- Highly absorbent polypropylene middle layer traps oils and fuels but allows rainwater to evaporate
- Bottom barrier film prevents liquids from leaching into the ground
- Pre-taped on one side with hook and loop closures so you can attach sections together and create custom sizes
- Won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanup
- Cuts easily with utility knife or scissors
- UV resistant for long-term outdoor use
- Mats take on properties of absorbed liquids - always take proper precautions when handling saturated absorbents
