- Clearly visible messages are repeated down the length of the roll to help create a safer environment for workers
- Durable top layer prevents wear, even under heavy foot traffic
- Under the Chat Mat top layer is the proven eight-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market!
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Mats take on the properties of absorbed liquids
