

IBC Tote Rack with Spill Containment Sump

PAK252 Holds (4) IBCs, 54" x 126" x 120", 385 gal. Sump Capacity

Save floor space, meet regulations and easily access up to four IBC tanks with this two-level sump and rack system.

- Powder-coated racking with shared sump saves valuable floor space while protecting against large-scale leaks and ruptures
- 385-gallon sump provides containment volume for four IBCs
- Splash guards on back and sides help keep liquids inside the sump to maintain dry, safe floors
- Pallet stops on each level prevent IBCs from being pushed or positioned too far back
- Removable galvanized steel grating provides easy access to sump
- Note: Actual color of racking may vary from photo shown

DENIOS.

Specifications
