

PIG® Open-Top Chemical Storage Tank

PAK5105 Storage Capacity 100 gal., 30" x 37.5", 1 each

Open top tank with lid and calibration marks provides full access to contents for easy chemical processing. Made from FDA Compliant resins.

- Open top tank design is great for use as a mixing tank, batch tank or solution tank; perfect day tank for food production and other chemical process applications
- Included lift-off lid protects contents from dust and contaminants; lid is molded with tank to ensure a perfect fit at the same thickness as tank walls
- Calibration chart (gallons and liters) molded into flat sidewall features black lettering for easy level indication at a glance
- Ideal for chemicals with a specific gravity up to 1.5
- Tanks can stand alone without external supports when fully loaded
- 100% high density polyethylene (HDPE) with UV inhibitors provides chemical resistance and structural integrity
- Made from FDA Compliant resins for containment of food and cosmetic products
- NOTE: Not designed for fuel storage
