

## PIG® Tank Spill Containment Sump with Drain

PAK750 Holds (1) 500 or 550 gal. Tank, 59.75" W x 89" L x 32.75" H, Sump Capacity 605 gal.

Park your oval tanks in this extra-large sump to provide high-volume secondary containment. Great for oil tanks, indoors or out.

- Extra-large sump contains leaks, spills and overfills; helps prevent groundwater contamination outdoors and slippery floors indoors
- Low-density polyethylene (LDPE) construction with UV inhibitors resists UV rays, rust, corrosion and most chemicals for a long, trouble-free life
- Use with tarp (sold separately) to prevent accumulation of rainwater outdoors
- Safely stores a 500- or 550-gallon oval tank; no measuring or guesswork required
- Choose either 3/4" or 2" drain plug for convenient emptying; also available without drain
