

PIG® Empty Big Daddy Spill Caddy

PAK820 30" W x 29.5" D x 50" H, (2) 8" HDPE Wheels w/ FPVC Tires & (2) 1.5" Swivel Rubber Wheels

Store 3x more absorption power than our original Spill Caddy in this supersized, high-visibility wheeled spill-kit caddy. Cleverly designed for you to stock with everything *<i>your</i>* facility needs.

- **Store more.** The name says it all. This Big Daddy holds nearly 3x more of the PIG products *you* pick, compared to our original Spill Caddy.
- **Choose how to use.** This versatile caddy pulls its own weight. When filled, respond quickly to large spills or use as a highly visible central station for supplies. Store anywhere indoors.
- **Grab quickly, without hassle.** Spills don't wait, so neither can you. The doors and lid open wide so you don't have to reach in blind and root around.
- **Move with agility.** These wheels let you take off without tipping it back and pivot quickly. When tipped back, they roll easily across uneven surfaces. Plus, the full caddy width fits through most doorways.
- **Rely on the clever design.** From adjustable shelves and a mounted PIG Mat roll holder, down to the built-in door pocket for documents, this caddy is designed for you to make it your own.
