

PIG® Roll Top Hardcover Spill Pallet

PAK901 Holds (4) 55 gal. Poly or Steel Drums, 65" W x 62" D x 79" H, Sump Capacity 75 gal.

Load your drums into our roomy roll top hard covers for all-weather protection and liquid containment. You don't even have to remove pumps and funnels!

- Roll top slides up for easy access to drum tops while the rest of the unit stays closed; store drums with pumps or funnels in place
- Low-profile pallet with sump catches leaks, drips and spills while keeping drum tops and accessories within reach
- Weather-resistant design prevents contaminants from entering stormwater
- Heavy-duty construction allows hardcover and pallet to be lifted by a forklift with drums in place
- Low-density polyethylene (LDPE) with UV inhibitors resists UV rays, rust, corrosion and most chemicals for long, trouble-free life
- Ergonomically designed roll top only goes down to waist height to eliminate bending and reaching
- Doors and roll top can be secured with a padlock (sold separately)
- Durable swing-out doors on front and rear provide easy access from both sides
- Optional .75" drain plug lets you empty sump without removing drums or grating
- Select shipping option of assembled or knocked down

Item#	Description	Dimensions	Weight
PAK901-BWG-AWD	Assembled - With Drain	65" W x 62" D x 79" H
