

PIG® Thick Liquids Absorbent Drip Pan

PAN202 Absorbs Oils; Coolants; Solvents; Water; Universal, Each absorbs up to 75 oz., 6 pans per box

Mesh top makes this pan perfect for catching thick, viscous liquids like paints, glues and resins.

- Low-profile pan fits underneath drum faucets and other tight spaces; wide base won't tip over like unsturdy coffee cans
- Mesh top lets liquid pass into absorbent polyester filler housed in a chemical-resistant base
- Quickly absorbs thick, high-viscosity liquids that conventional absorbents can't
- Ideal for trapping thick fluids such as paint, glue, resins, liquid chocolate, syrup and varnish
- Use under leaking drum faucets, spigots and flanges to absorb nuisance drips; keeps your floors clean and safe
