

## PIG® Blue Absorbent Sock

PIG202 3" x 10', Each absorbs up to 1.86 gal., 8 socks per box

Our heaviest absorbent sock is filled with vermiculite to form a barrier and prevent spills from spreading.

- The heaviest sock we make features extra-dense construction to hug floors and stay in place while containing spills
- Fine-grade vermiculite filler quickly absorbs leaks, drips and spills; great for spill response or absorbing machine leaks
- Stitch-bonded, polypropylene skin resists bursting; reduces dust and holds in liquid, even when saturated
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Ideal for diking and damming liquids
- Can be air-dried for reuse when soaked with water
- Nobody knows more about socks than New Pig - we invented them!

### Specifications

Absorbency Range	10 - 19.9 gal.
Dimensions	ext. dia. 3" x 10' L
Absorbency	Up to 14.88 gal. per box
Absorbency per	Up to 1.86 gal. per sock
Application	Spill Response
Brand	PIG
Color	Blue
