

## PIG® Oil-Only Weighted Absorbent Blanket

PIL104 Absorbs Oils; Fuels; Oil-Based Liquids (Not Water), Each absorbs up to 3.87 gal., 2 blankets per box

This oil-absorbent pillow with grommets won't blow away - even in 40 mph winds.

- Ballast provides extra weight to keep blanket in place, even in winds up to 40 mph; Blanket stays right where you need it without blowing out of position
- Hydrophobic polypropylene filler absorbs oils and fuels but not a drop of water; perfect for leaky transformers or areas where heavy equipment is parked
- Durable spunbond outer shell repels water to preserve the efficiency of oil-only absorbent inside; UV resistant up to 12 months
- Heavy-duty seams form self-contained pockets to keep filler evenly distributed and maximize coverage area
- Folds easily for conforming to uneven surfaces or adding capacity where you need it
- Grommeted corners allow blanket to be staked down
