

## Nox-Rust® Vapor Wrapper®

PKG600 24" W x 600' L, General and Long Term Storage, Where Paper Needs to Mold Easily Around the Part

Protect ferrous metal parts from rust during shipping or storage using this heavy-duty, dual-side-saturated VCI (Volatile Corrosion Inhibitor) paper.

- VCI paper provides a protective layer of safe, effective VCI formula as a barrier between ferrous metal surfaces and contaminants in the environment; prevents rust on steel, cast iron and ferrous alloys during shipping or storage
- Heavy-duty
- Dual-side saturated for layering packaged parts
- Parts wrapped in this VCI paper remain clean, dry and ready to use immediately
- Convenient counter roll size fits on standard wall and tabletop dispensers for easy handling
- Prevents rust and corrosion on parts stored indoors up to 24 months
