

Premium Metal-Guard® VCI Stretch Film

PKG604 18" W x 1500' L, Protect Metal from Rust, Long Term Corrosion Inhibitor

Easily stretch this premium poly film with VCI (Volatile Corrosion Inhibitor) formula around odd-shaped, or large, ferrous metal parts to protect them from rust and corrosion during shipping or storage.

- Combines the strength and handling ease of polyethylene with the corrosion protection of Daubert Cromwell's safe, effective VCI formula
- VCI blended throughout the film rather than superficially added
- Prevents rust on odd-shaped or large ferrous metal parts during storage and shipping
- Once parts are packaged, film stays in place with excellent cling
- Durable, strong and tear-resistant for structural strength to keep load secure on pallets and crates
- High clarity allows for visibility to wrapped contents
