

Premium Metal-Guard® Gusseted Bags

PKG606 48" W x 50" L x 80" H, Protect Metal from Rust, Long Term Corrosion Inhibitor

Cover pallets, line crates and protect large ferrous metal parts from corrosion during shipping and storage by using these gusseted VCI (Volatile Corrosion Inhibitor) bags.

- Premium Metal-Guard is a safe, effective corrosion inhibitor
- VCI blended throughout the material rather than superficially added
- This tear-resistant, gusseted bag provides long-term protection from rust and corrosion, as well as from moisture and debris, for ferrous parts during storage and shipping
- Use to cover pallets, to line gaylords, crates and boxes, or to cover large parts such as engines and camshafts
- Transparent for visibility to contents
- Blue shade for easier identification to prevent misuse or waste of the higher-quality supply
- Non-toxic and recyclable
