

PIG® Battery Neutralizing Loose Absorbent for Bases

PLP2311 Neutralizing Capacity Up to 117.12 oz., 1 container

Confidently clean up spilled bases from alkaline batteries with this loose-absorbent neutralizer that changes colors for safety confirmation.

- Soaks up, traps, neutralizes and confirms safety of spilled bases from batteries, all in one step for safe and easy alkaline battery cleanup
- Granular form is perfect for battery spill cleanup on uneven or cracked surfaces over large areas
- Color changes on contact and keeps changing until neutralization is complete so you know when it's safe to handle and remove
- Won't leach; encapsulates liquid base by solidifying it with gelling agents
- Ideal for keeping near alkaline battery storage locations within your facility for quick response cleanup
- Container is conveniently resealable

Specifications

Application	Absorbing & Neutralizing
Brand	PIG
Fluid Absorbed	Neutralizes Bases
Neutralizing Capacity	Up to 117.12 oz.
Unit Weight	8 lb.
Sold as	1 container
Color	Mauve
Weight	8 lbs.
Composition	Citric Acid, Thymol Blue, Polymer
UNSPSC	47131902

Metric Equivalent

Weight	3.6 kg
