

PIG® Base Neutralizing Loose Absorbent

PLP805 Absorbs Neutralizes Bases, Neutralizing Capacity Up to 1.2 gal. per Container or 12 gal. Total, 10 containers per box

Neutralizes and encapsulates spills of bases and then changes color to let you know when it's safe to finish the clean-up.

- Encapsulates and neutralizes common base spills in one step; great for areas where chemicals are stored, mixed or transported
- Changes color on contact and during neutralization with liquid bases (pH above 7); color change continues until pH becomes neutral and is safe for handling
- Gelling agents solidify base during neutralization and prevents it from leaching out

Specifications

Application	Encapsulating & Neutralizing
Brand	PIG
Fluid Absorbed	Neutralizes Bases
Neutralizing Capacity	Up to 1.2 gal. per Container or 12 gal. Total
Unit Weight	2 lb.
Sold as	10 containers per box
Weight	20 lbs.
# per Pallet	90
Composition	Polymer, Citric Acid, Thymol Blue
UNSPSC	47131902
Pigalog® Page Number	Page 72

Metric Equivalent

Weight	9.1 kg
