

Barrier Wall End

PLR109 For 2" High Drive-Over Build-A-Berm Barrier, 2 per box

Drive-over barrier springs back into shape when heavy vehicles pass. Custom containment berm helps you control liquids in high-traffic areas.

- The PIG Drive-Over Build-A-Berm Barrier provides semi-permanent containment in high-traffic areas on concrete, asphalt or most sealed surfaces
- Constructed of 40-ounce, vinyl-coated fabric with an open-cell foam core; berm compresses to approximately 1/4" when driven over; springs back to shape when vehicles pass
- Durable enough to withstand indoor or outdoor traffic from trucks, loaded tow motors and other heavy vehicles with sufficient ground clearance
- Secure to floor with sealant (sold separately) and reinforce with predrilled aluminum mounting strips (included) and steel anchors (included); seal seams with vinyl cement (sold separately)
- Create any configuration by combining with other Build-A-Berm components (sold separately); ends overlap and can be sealed together for liquid-proof containment
- When used with standard high-visibility yellow Build-A-Berm Barriers, orange color indicates area where drivers can enter and exit
- Sealed, 90-degree wall end sits flush against the floor and a wall, curb, etc. when used with sealant (sold separately)
- Helps you create professional containment areas without fabrication or using excessive caulk

Specifications

Style	Wall End
Use With	2" High Drive-Over Build-A-Berm Barrier
Dimensions	5.5" W x 3" L x 2" H
Barrier Height	2" H
Brand	PIG
Temperature Limit	Works from -22°F to 160°F

Color	Orange
Traffic	Vehicle Traffic
Distributor Part Number	30pw73;5963098;04088x32167
Sold as	2 per box
Weight	2 lbs.
New Pig Patent	5,820,297
# per Pallet	260
Composition	Cover - 40 oz. PVC Core - Open-Cell Polyurethane Foam Strips - Aluminum Anchors - Galvanized Steel
UNSPSC	24101907
Pigalog® Page Number	<u>Page 157</u>

Metric Equivalent

Dimensions	14cm W x 7.6cm L x 5.1cm H
Weight	.9 kg
