

PIG® Build-A-Berm® Barrier 45° Corner

PLR139 For 6" High Build-A-Berm Barrier, 2 per box

Customize a layout, using these crush-resistant 45-degree corners as part of your design, to build a semi-permanent barrier with our spill berms around your unique machinery setup or storage area dimensions.

- Contain leaks and spills around your machinery without building expensive concrete curbs or cutting and installing angle iron
- Barriers can be constructed into a semi-permanent, high-visibility barrier that's exactly the size and shape you need; build it indoors or out
- Durable, 18 oz all-vinyl covering resists oils, coolants and most chemicals
- Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment
- Can be cut to length with utility knife; for best installation results, secure to a smooth, sealed surface with sealant (sold separately) and join seams with vinyl cement (sold separately)
- High-visibility yellow color draws attention to barrier for increased safety
- Easy removal requires only a flat-bladed shovel
- Great for use around battery charging stations, machinery or any other leak-prone areas
- Join two 6"-high Build-A-Berm straight sections (sold separately) at a 45-degree angle

Specifications

Style	45° Corner
Use With	6" High Build-A-Berm Barrier
Dimensions	18" W x 29" L x 2" H
Barrier Height	6" H
Brand	PIG
Temperature Limit	Works from -22°F to 160°F
Color	Yellow
Traffic	Cart Traffic
Sold as	2 per box
Weight	2 lbs.
New Pig Patent	5,820,297
Composition	Cover: 18 oz. PVC

UNSPSC
