

PIG® Build-A-Berm® Barrier Wall End

PLR512 For 4" High Build-A-Berm Barrier, 2 per box

Build a semi-permanent barrier around your machinery or storage areas with our crush-resistant spill berms.

- PIG Build-A-Berm Barriers can be constructed into a semi-permanent, high-visibility barrier that's exactly the size and shape you need - indoors or out
- Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment
- Durable, 18-oz. all-vinyl covering resists oils, coolants and most chemicals
- Cut to length with utility knife; for best installation results, secure to a smooth, sealed surface with sealant (sold separately) and join seams with vinyl cement (sold separately)
- Contain leaks and spills around your machinery without building expensive concrete curbs or cutting and installing angle iron
- High-visibility yellow color draws attention to barrier for increased safety
- Easy removal requires only a flat-bladed shovel
- Great for use around battery charging stations, machinery or any other leak-prone areas
- Seals flush against the floor and wall with sealant (sold separately) for a seepage-free connection

PIG Build-A-Berm Barriers come in four heights for varying containment.

Specifications

Style	Wall End
Use With	4" High Build-A-Berm Barrier
Dimensions	7.5" W x 10" L x 4" H
Barrier Height	4" H
Brand	PIG
Temperature Limit	Works from -22°F to 160°F
Color	Yellow
Traffic	Foot Traffic
Sold as	2 per box
Weight	2 lbs.
New Pig Patent	5,820,297
# per Pallet	72
Composition	Cover: 18 oz. PVC

Core: Open-Cell Polyurethane Foam
