

PIG® Drive-Over SpillBlocker® Dike

PLR952 Ideal For Long-Term Outdoor Use, High-Traffic Areas, One 2" W x 5' L x 1" H Section

Need a leak-proof perimeter that you can still drive over? Contain liquids within this flexible drive-over spill berm designed for long-term outdoor use.

- Contain leaks and divert polluted stormwater with this flexible barrier conveniently designed to be driven over without crushing or compromising containment, enabling you to keep working while meeting SPCC and stormwater regulations.
- Trust the original, as this PIG SpillBlocker Dike is the first of its kind that's intended for long-term outdoor use.
- Outlast the conditions with the HogHyde® rubber top layer that stands up to heavy traffic and resists UV rays, while the super-sealing underside bonds to concrete and smooth surfaces—without adhesive—to provides a full-width bond that grows stronger over time.
- Stay ready for any situation since this drive-over containment berm molds easily around obstacles, fits tight ledges and small surfaces areas with a narrow footprint and can be picked up and repositioned as needed.
- Maintain a professional look by easily cleaning with soap and water and redeploying again and again.

Specifications

Max Liquid Temp Exposure	Max Exposure Limit 225°F for up to 30 Minutes
Dimensions	2" W x 5' L x 1" H
Application	Drive-Over
Barrier Dimensions	One 2" W x 5' L x 1" H Section
Barrier Height	1" H
Brand	PIG
Color	Black
Ideal For	Long-Term Outdoor Use, High-Traffic Areas
Install/Deploy Type	Temporary/Removable Barrier
Temperature Limit	Works from 0°F to 160°F
Traffic	Vehicle Traffic
Sold as	1 each
Weight	4.75 lbs.

Composition

Top Skin: Co-Polymer Geomembrane

Bottom Layer: Polyurethane
