

## Tensacone® Topper

PLS1204 3" x 13' x 9", 1 each

Top your safety cones with this retractable barrier for temporary crowd control.

- Durable plastic housing securely fits over the top of most traffic cones
- 13'-long retractable chevron webbing provides a highly visible, temporary barrier
- More effective than cones alone; faster and easier to use than string, traffic tape or rigid barriers
- Rigid construction stands up to heavy-duty use, indoors or out
- Link together multiple units (each sold separately) to create a larger barrier
