

Fendall Eyesaline® Wall-Mount Eye Wash Station

PLS1498 Wall-Mount; Not Plumbed, Holds 64 oz., Flow Rate Variable

Economical stations can be mounted throughout your facility to soothe eyes with saline solution until you can reach a primary eye wash.

- Easy-to-clean station mounts directly to wall with included hardware; molded-in overhang protects bottle from dust and debris
- Saline solution is preserved and buffered to match natural pH chemistry of human tears
- Sterile, FDA-grade polyethylene bottle is sealed with a break-off T-tab lid for tamper resistance; easy to open in an emergency
- Extended-flow nozzle provides irrigation longer than conventional designs
- Elastic band secures bottle in place when not in use
- High-visibility green station stands out in low lighting and when vision is blurred
- Long shelf life so you can keep a replacement in-stock following an emergency; clearly marked expiration date makes inspection fast and foolproof
- Features bilingual text on bottle and full English instructions on station
- Contains two high-volume bottles so you always have a back-up on-hand following an emergency

SPERIAN

Specifications

Style	Wall-Mount; Not Plumbed
