

PIG® Oil-Only Loose Absorbent

SA8010 Absorbs Oils, Fuels, Other Oil-Based Liquids Only, Absorbs up to 7.5 gal., 1 bag

Our most absorbent loose absorbent for oils and fuels, NOT water; easily spreads into nooks and crannies to soak up materials in hard-to-reach places.

- Polypropylene construction absorbs petroleum-based liquids in hard to reach areas and adds absorbency to large spill cleanups
- Packaged loose so it can be broadcast into nooks and crannies where booms and pillows can't reach
- Ideal for use on shorelines where saturated absorbents can easily be raked up on ground or rocks; can also be used to clean up spills on calm water confined by booms or socks
- Absorbs and retains oils and oil-based liquids - including lubricants, fuels and cleaning agents - without absorbing a drop of water
- Bright white color makes material easier to see in outdoor environments and clearly shows saturation level
- Can be incinerated after use to reduce waste or for fuels blending
