

Shoe Disinfectant Mat with Adhesive-Backed Carpeted Runner

SAN201 Disinfect & Dry, For Commercial/Professional Grade Disinfectants, EPA List N Disinfectants, Alcohol, Cleaners And Sanitizers, 3' x 10' x 0.5"

Stop the spread of germs and dirt in your facility with a station that allows employees and visitors to wash and sanitize shoes in a disinfectant scraper mat then dry them on an adhesive-backed carpeted runner -- just bring your own sanitizer!

- Clean and disinfect shoes in a disinfectant mat then walk off excess disinfectant on an adhesive-backed carpeted runner to safely clean and dry shoes; promotes a clean, germ-free facility, while reducing the likelihood of slips, trips and falls
- Place at the entrance or doorway in aesthetically pleasing areas like offices, retail environments, reception areas or lobbies where appearance matters
- Adhesive-backed runner stays exactly where you put it with no shifting, bunching up or ripples that cause slips and trips
- Shoe scraper mat contains rubber finger-like scrapers to remove dirt, mud, debris and germs from the soles of shoes; contains 50% more "fingers" than standard scraper mats to dislodge even more debris and keep your facility cleaner
- Fill shoe sanitizer mat with your own disinfecting solution; immersing the soles of shoes in the mat removes contaminants and germs from the soles of shoes
- Adhesive-backed runner catches any overflow or splashes and provides a safe walk off surface to dry shoes after sanitizing
- Runner sticks to the floor with a super-tight grip, but peels up easily without leaving a residue or damaging floors
- Cleans easily in place using mop, floor scrubber or vacuum without budging
- Extremely durable runner stays in place for up to 3 months even under heavy foot traffic
- Shoe sanitizer mat holds over a half-gallon of disinfectant; compatible with FDA approved List N disinfectants, chlorine and quaternary ammonium
- Adhesive-backed runner will stick to most

commercial floor surfaces including concrete, vinyl, linoleum, ceramic tile, quarry tile and laminate; sticks to the floor with a super-tight grip, but peels up easily without leaving a residue

- Contains (1) shoe disinfectant mat (24" X 32") and (1) adhesive-backed carpeted runner (3' x 10' x 0.5")

Item#	Description	Dimensions	Weight
SAN201-BK		3' W x 10' L x .5" H	18.6 lbs.
