

## Shoe Disinfectant Mat with Adhesive-Backed Printed Message Runner

SAN205 Disinfect & Dry, For Commercial/Professional Grade Disinfectants, EPA List N Disinfectants, Alcohol, Cleaners And Sanitizers, 3' W x 10' L x 0.5" H

Wash and dry your shoes with an all-in-one system that limits the spread of germs and dirt in your facility by providing instructions on how to sanitize shoes. Fill the shoe scraper mat with disinfectant and let the adhesive-backed runner do the rest!

- Clean and disinfect shoes in a disinfectant mat then walk off excess disinfectant on an adhesive-backed absorbent runner to safely clean and dry shoes; promotes a clean, germ-free facility, while reducing the likelihood of slips, trips and falls
- High-visibility printed runner instructs guests, employees and visitors where to sanitize and wipe their shoes; print is easy to see and read to ensure proper usage of mat and runner
- Adhesive-backed runner stays exactly where you put it with no shifting, bunching up or ripples that cause slips and trips
- Printed runner provides an outline for proper placement of the Shoe Disinfectant Mat to ensure proper spill containment and walk off space for drying feet after cleaning
- Great for use in manufacturing settings, industrial warehouses, schools, commercial buildings, food processing, healthcare and childcare facilities at doorways, entrances, and transition areas
- Shoe scraper mat contains rubber finger-like scrapers to remove dirt, mud, debris and germs from the soles of shoes; contains 50% more "fingers" than standard scraper mats to dislodge even more debris and keep your facility cleaner
- Fill shoe sanitizer mat with your own disinfecting solution; immersing the soles of shoes in the mat removes contaminants and germs from the soles of shoes
- Adhesive-backed runner catches any overflow or splashes and provides a safe walk-off surface to dry shoes after sanitizing
- Runner sticks to the floor with a super-tight grip, but peels up easily without leaving a residue or damaging floors

- Cleans easily in place using mop, floor scrubber or vacuum without budging; even a floor scrubber won't affect the printed message on the runner
- Extremely durable runner stays in place for up to 3 months even under heavy foot traffic
- Shoe sanitizer mat holds over a half-gallon of disinfectant; compatible with FDA approved List N disinfectants, chlorine and quaternary ammonium
- Adhesive-backed runner will stick to most commercial floor surfaces including concrete, vinyl, linoleum, ceramic tile, quarry tile and laminate
- Contains (1) shoe disinfectant mat (24" X 32") and (1) adhesive-backed carpeted runner (3' x 10' x 0.5")
- Custom printed runners available! Contact 1-800-HOT-HOGS to place an order
