

Boot Sanitizing Footbath Mat

SAN210 Disinfect, For Commercial/Professional Grade Disinfectants, EPA List N Disinfectants, Alcohol, Cleaners And Sanitizers, 32" x 39" x 2"

Keep your workplace free of contaminants by removing germs and debris from the soles and treads of boots in a disinfectant footbath.

- Fill footbath mat with disinfecting solution of your choice; immerse the soles and treads of boots in the mat to sanitize and clean; helps reduce cross-contamination, germs and viruses and maintain a clean facility
- 2-inch high reservoir holds 5 gallons of disinfectant solution; high-visibility yellow sidewall reduces splashes and is easy to see for increased safety
- Contains rubber fingers that scrape the bottom of boots, dislodging debris and contaminants that lead to the spread of bacteria, virus and germs
- Ideal for applications where there is a concern for cross-contamination like sterile environments, healthcare facilities, food processing, barns or stables, clean rooms and agriculture facilities; can also be used in manufacturing facilities, offices and commercial buildings
- Compatible with any USDA accepted disinfectant sanitizer, FDA approved List N disinfectants, chlorine and quaternary ammonium
- Durable and made to withstand heavy-duty usage
- Use with a walk off runner to dry shoes and avoid accidental slips and trips
- Follow manufacturers guidance regarding the change out frequency and proper disposal

Specifications

Use With

Commercial/Professional Grade Disinfectants, EPA List N Disinfectants, Alcohol, Cleaners And Sanitizers

Dimensions

32" W x 39" L x 2" H

Application

Disinfect

Industry

Food/Beverage Processing; Healthcare/Lab; Agriculture; Construction
