

PIG® Flat Oil-Only Absorbent Sock

SKM414 6" x 48" x 2", Each absorbs up to 2 gal., 8 socks per box

Our low-profile flat sock for oils and fuels but not water provides more ground contact for the best protection against seepage.

- Flat design is a hybrid of round socks and flat pillows; hugs walls, machine bases and uneven ground to contain leaks, drips and spills
- Low-profile design puts more material in contact with the ground for better diking and maximum saturation
- Polypropylene skin resists tearing; reduces dust and holds in liquid, even when saturated
- Skin is UV resistant up to 12 months; meets ANSI and MIL-SPEC standards for static decay
- Cellulose filler is highly absorbent for containing and soaking up liquids
- Absorbs and retains oils and oil-based liquids - including lubricants and fuels - without absorbing a drop of water
- Not recommended for use with acids, bases or other corrosive liquids
- Nobody knows more about socks than New Pig - we invented them!

Specifications

Absorbency Range	10 - 19.9 gal.
Dimensions	6" W x 48" L x 2" H
Recycled Content	95% Mixture of Pre- and Post-Consumer Recycled Cellulose Filler
Absorbency	Up to 16 gal. per box
Absorbency per	Up to 2 gal. per sock
Application	Leaks & Drips, Maintenance
Color	Various
Brand	PIG
Filler	Hydrophobic Cellulose
Fluid Absorbed	Oils; Fuels; Oil-Based Liquids (Not Water)
Skin/Outer Mesh	Skin - Polypropylene
Sold as	8 socks per box

Weight	21 lbs.
# per Pallet	24
UNSPSC	47131904
Pigalog® Page Number	<u>Page 53</u>

Metric Equivalent

Absorbency per	Up to 7.6 L per sock
Absorbency	Up to 60.6 L per box
Weight	9.5 kg
Dimensions	15cm W x 122cm L x 5.1cm H
