

**PIG® Ceiling Tile Leak Diverter**

TLS367 2' x 4', Ceiling Tile Leak Diverter; Hose; Ceiling Clips, Install With Ceiling Clips

Leak diversion system replaces damaged ceiling tile for discreet channeling of liquids until you find and fix the leak.

- Remove damaged tile and replace it with a leak diverter panel
- Easily keep rain and snow from storming *inside*. Whether condensation and ice, or heavy rain from a high-wind hurricane, this solution will quickly protect your team and what you've built.
- Captures leaks and drips and diverts them to a drain or collection container with included 25'L hose
- Clips let you secure hose to ceiling grids for a professional appearance
- After leak has been repaired, simply uninstall and store for later use
- Replaces any standard 2' x 4' drop ceiling tile
- Flow rate of 0.2 gallons per minute when used with included hose
