

## PIG® Trough Style Roof Leak Diverter Tarp

TLS674 16" W x 5' L, Leak Diverter Tarp, Install With Hanging Straps

Stop devastating roof or ceiling leak damage and protect your people, equipment and inventory with the original leak diverter tarp.

- Long and narrow 16" tarp width offers maximum coverage for narrow spaces and fits perfectly between ceiling joists
- Edges feature rods along length for additional stability; rods split at 5' lengths for easy storage
- Easily keep rain and snow from storming *inside*. Whether condensation and ice, or heavy rain from a high-wind hurricane, this solution will quickly protect your team and what you've built.
- Heavy-duty vinyl-coated tarp resists punctures, UV and mildew and lasts multiple deployments
- Pinched corners create a funnel to channel liquids to a drain or collection container without overflowing or sagging; engineered with leak-proof seams and connections
- Brass grommets resist tearing and make installation easy; multiple hanging points add stability and preserve funnel shape
- Extra-large drain opening and debris cage prevents clogs from crumbled ceiling tiles, drywall and roofing material
- Accepts a standard 3/4" hose connection to channel liquid to floor drain or collection container (hose sold separately)
- Flow rate of 3.33 gallons per minute when used with a 1/2" ID hose
- Collection container, hose and hanging straps sold separately

| Item#     | Description | Dimensions   | Weight    |
|-----------|-------------|--------------|-----------|
| TLS674-TR |             | 16" W x 5' L | 1.62 lbs. |

### Metric Equivalent:

| Item#     | Description | Dimensions       | Weight |
|-----------|-------------|------------------|--------|
| TLS674-TR |             | 41cm W x 152cm L | .7 kg  |
