

SHOWA Black Knight® PVC Gloves

WPL390 26 mil, 12", 1 pair

Tough abrasion resistance for chemical applications.

- Offers additional abrasion resistance for wet, chemical applications
- 12" long with fully-coated gauntlet
- Curved, preflexed fingers and wing thumb give extra working ease; no seams in working area
- Economical choice for tough applications where gloves become excessively contaminated by oils, grease and chemicals
- PVC coating provides outstanding chemical resistance
- Dipped rough finish adds grip for handling wet, lubricated parts
- Jersey lining provides cushion and moderate insulation
- One size fits all
