

Tyvek® Level D Coveralls

WPL719 Elastic Hood Attached, Zipper Front, 25 per box

Customer favorite for protection from dirt, spray and irritating fibers.

- Soft, lightweight, spun-bonded olefin is free of pores to resist hazards such as radioactive, asbestos or lead dust
- Wet or dry, these coveralls remain strong, puncture-resistant and flexible to 100°F
- Biologically inert, low-linting, treated to minimize static buildup
- Meets ANSI/ISEA 101-1985 sizing requirements
- Non-sparking zipper improves safety around combustible hazards
- Great for use in industries such as gasoline, electricity, nuclear energy, chemicals, painting and printing
- Features serged seams, zipper front, attached hood, elasticized wrists and ankles
