

## Zytron® 300 Level B/C Coveralls

WPL912 Elastic Hood, Boots Attached, Zipper Front, 1 each

Versatile Zytron series of coveralls are available in different weights and a variety of styles to provide protection from Levels A to D.

- Tough Zytron material outperforms conventional materials on chemical hold-out
- Effective barrier against a range of organic and inorganic chemicals, including many acids, bases, salts, greases and oils
- Bound seams increase strength and help prevent chemical penetration
- Double storm flap with hook-and-loop closure covers zipper for better seal
- Rugged coveralls provide superior resistance to rip-outs
- Generous cut allows full range of movement
- Long zipper front lets them go on and off easily
- Elastic face and wrist openings help keep out chemicals
- Attached hood and boots extend protection to head and feet
