

PIG® Water Absorbent Mat Roll

WTR008 Our Best Mat for Water, 30" x 150', 1 roll per bag

The ONE mat to keep in stock for water cleanup caused by wet weather, ceiling leaks, pipe bursts, cleanouts, washdowns, maintenance or other water spills.

- Mat rolls absorb up to 42 gallons of water and can be used to quickly clean up your largest spills, puddles and leaks from wet weather
- Designed and engineered to pull in large volumes of water on contact; superfast wicking helps you quickly eliminate pools and puddles to prevent damage and injuries
- Wring and re-use during a single water spill clean-up, then dispose; wringable mats mean less hassle, less waste and more savings
- The best mat to have on hand when heavy rains, snow or ice intrude your facility; soaks up water that comes in through open windows, porous footers, cracked foundations, roof leaks and seepage under doors
- Helps you deal with water from cleanouts, system breakdowns, burst or leaking pipes, broken hoses, leaking hot water tanks or malfunctioning equipment
- Soaks up excess washdown water in food service, food processing and other critical areas
- Use when sump pumps or wet-vacs are not necessary or available; creates less waste than wipers or loose absorbents
- Cleaner, more efficient method than dirty mops, rags and towels, which can recontaminate floors by spreading bacteria, mold and odors
- Tough, spunbond top layer holds mat together when it's fully saturated, so it won't rip or fall apart when you pick it up
- Easy-tear perforations let you take only what you need, so you use fewer mats and save money
- Made with 60% pre-consumer recycled cellulose

Specifications

Dimensions	30" W x 150' L
Mat Weight	Our Best Mat for Water
Recycled Content	60% Pre-Consumer Recycled Content
Absorbency	Up to 42.9 gal. per bag
Absorbency per	Up to 42.9 gal. per roll
