

PIG® Absorb-&-Lock™ XL High-Visibility Water Absorbent Pad

WTR017 Absorbs & Retains High Volumes of Water, Leak-Prone, High-Traffic Areas, Includes (10) 39" x 14.5" Pads

Use these extra-large hi-viz water absorbing pads to absorb high volume leaks and drips in problem areas or use them during a spill response to clean up large volumes of water quickly.

- Extra-large water absorbing pads can absorb high volume leaks from pipes, equipment, appliances or machinery or used to clean up a large water spill due to restroom backups, overflows or pipe bursts
- XL pads cover a wider surface area and absorb water fast; perfect for spill response in hospitals, retail environments or areas of your facility with high customer or employee foot traffic
- Super Absorbent Polymer (SAP) filler swells on contact with water and expands to pull in large volumes of liquid quickly
- Expanded water spill pads create a barrier to help prevent further leaks and drips from escaping and spreading into walkways
- Absorbed water is "locked" inside; won't leach or run out when you pick up or dispose, even when fully saturated
- Pads (before water contact) are low-profile to fit tight spaces and lay flat for storage; unobtrusive design won't create trip hazard
- Non-toxic and non-hazardous for easy disposal
- Bright orange color and printed "Caution" symbol add safety
- Leave pad down until fully saturated, then dispose. Do not drag or drop

Specifications

Traffic	Not Recommended for Foot Traffic
Height When Fully Saturated	2" When Fully Saturated
Weight When Fully Saturated	29.19 lbs. When Fully Saturated
Includes	(10) 39" x 14.5" Pads
Fluid Absorbed	Water

Special Feature	Absorbs & Retains High Volumes of Water
Color	Orange
Dimensions	14.5" W x 39" L
Absorbency	Up to 35 gal. per package
Absorbency per	Up to 3.5 gal.
Brand	PIG
Sold as	10 per package
Weight	3.04 lbs.
# per Pallet	200
Composition	Skin - Polypropylene Filler - Super Absorbent Polymer (SAP)
Application	Leak-Prone, High-Traffic Areas
UNSPSC	47131900
Pigalog® Page Number	<u>Page 65</u>

Metric Equivalent

Absorbency per	Up to 13.2 L
Absorbency	Up to 132.5 L per package
Dimensions	36.8cm W x 99.1cm L
Weight	1.4 kg
