

## **PIG® Self-Adhesive Roof Tarp**

WTR3001 10' W x 20' L, Thickness 7 mil, 1 each

Got a hole in your roof? Cover it with this waterproof, self-adhesive tarp! It's easy to install and stands up to harsh weather conditions.

- Proprietary peel-and-stick adhesive strip around the perimeter makes it impermeable to water
- Adheres to any fixed roof surface; no wood, hammer, drill or saw required
- Eliminates damage from nails, screws and sandbags that can occur with traditional tarps
- Withstands degradation from UV rays and wind for a minimum of one year
- Passed the highest level of a 65-minute TAS 100A test
- Made of durable polyethylene with an added flame retardant
- Can be used on wet/damp surfaces and vertical surfaces like windows
- Perfect for storm preparation, roof maintenance, new construction and temporary roof repair
