

Krisis Flood Bag Super Sized Bag

WTR3102 For 317.08 cu. ft. of Equipment or Furniture Items, 78" W x 118" L x 59" H, 1 each

Protect equipment, critical business information and more from disastrous floodwaters using this heat-sealed watertight dry bag with anchors.

- Super-sized Krisis Flood Bag designed to protect medium or large equipment, furniture and more
- Completely impermeable to water intrusion
- Tested for up to one month underwater at 3 ft. depth; watertight to international standard IPX8; MIL-STD-810G (Military Grade certified)
- Bright color makes bag easier to spot after disaster
- Additional PVC sheet reinforces inside bottom of bag to support heavy objects and prevent puncture; can also be used as barrier when moving equipment/furniture into bag
- Heavy-duty PVC, watertight material; similar to portable water tanks and inflatable boats
- Zippers remain watertight even when bag is fully submerged
- Joins are heat-sealed instead of stitched
- Anchor points enable securing of bag during flood; anchors are sewn onto separate PVC and attached with heat welding to maintain watertightness of main compartment
- Convenient carry handles sewn onto separate heat-welded PVC are proven to maintain strength
- Compact folded design allows for easy storage
