

## Krisis Flood Bag Multi Bag Bundle

WTR3104 For Large Array of Equipment or Furniture Items,1 each

Protect electronics, furniture and more from disastrous floodwaters with these heat-sealed watertight dry bags in a variety of sizes.

- Contains a combination of portable, standard- and super-sized bags
- Portable Krisis Flood Bag protects small items. including electronics
- Standard-sized Krisis Flood Bag protects small to larger equipment, furniture and more
- Super-sized Krisis Flood Bag protects medium or large equipment, furniture and more
- Completely impermeable to water intrusion
- Tested for up to one month underwater at 3 ft. depth; watertight to international standard IPX8; MIL-STD-810G (Military Grade certified)
- Bright color makes bag easier to spot after disaster
- Additional PVC sheet reinforces inside bottom of bag to support heavy objects and prevent puncture; can also be used as barrier when moving equipment/furniture into bag
- Heavy-duty PVC, watertight material; similar to portable water tanks and inflatable boats
- Zippers remain watertight even when bag is fully submerged
- Joins are heat-sealed instead of stitched
- Anchor points enable securing of bag during flood; anchors are sewn onto separate PVC and attached with heat welding to maintain watertightness of main compartment
- Convenient carry handles sewn onto separate heat-welded PVC are proven to maintain strength
- Compact folded design allows for easy storage
